## Profile

Formerly known as Netanya Cricket Club, the club officially changed its name to Ra'anana in 2003. Although having come close on numerous occasions over the past few seasons, Ra'anana has yet to win the league since taking a hat trick of titles from 1988 through 1990. The club prides itself in giving opportunities to young players, and some of the brightest talents in Israel cricket play for the team. In 2005, Ra'anana became the first club to enter two teams into the local league, with a predominantly junior 2<sup>nd</sup> X1 competing in the third division.
